# INFORMATION ABOUT HOST COUNTRY AND CITY

## HOST COUNTRY

### LOCATION

Qatar – officially the State of Qatar – is a sovereign country located in Southwest Asia, occupying the small Qatar Peninsula on the north-eastern coast of the Arabian Peninsula. Its sole land border is with Saudi Arabia to the south, with the rest of its territory surrounded by the Arab Gulf. A strait in the Arab Gulf separates Qatar from the nearby island kingdom of Bahrain.

### POPULATION

The total population within the State of Qatar was 2,344,557 persons as of 30 June 2015 (1,777,116 males and 567,441 females). In 2013, Qatar's total population was 1.8 million, including 278,000 Qatari citizens (12%) and 1.5 million expatriates.

## CAPITAL

Doha is the capital city, the seat of government and the location of the main commercial and financial institutions. Situated halfway along the East Coast of the peninsula, the city is an important cultural and commercial centre with a vast commercial seaport and a modern international airport that link the country to the rest of the world. More than half of the population lives in Doha.

## RELIGION

Islam is the official religion of the State of Qatar. All Qataris adhere to Islam. Other religions represented in Qatar are practiced by immigrant communities.

## LANGUAGE

Arabic is the official language of Qatar, with Qatari Arabic the local dialect. English is commonly used as a second language and a rising lingua franca, especially in commerce, to the extent that steps are being taken to try to preserve Arabic from English's encroachment. English is particularly useful for communication with Qatar's large expatriate community.

In 2012, Qatar joined the international French-speaking organisation of La Francophonie as a new associate member, justifying its inscription by the consequent number of French speakers in the country (10% of the Qatari population would be francophone). Reflecting the multicultural make-up of the country, many other languages are also spoken, including Hindi, Malayalam, Urdu, Tamil, Nepali and Tagalog.

Area:  
Qatar is a small country of  
**11,571 km<sup>2</sup> (4,467.6 sq mi).**

Local Time:  
**AST (Arabia Standard Time) =  
UTC+3**

## ELECTRICITY

In Qatar the standard voltage is 240 V. The standard frequency is 50 Hz. The power sockets that are used are of type D / G (3 pin sockets). Below you find pictures of these power sockets and corresponding plugs.

Type D: **This socket sometimes works with plug M Type G**

Your need for an adapter depends on the voltage, frequency and power plugs in the country you live in. You can use your electric appliances in Qatar, if the standard voltage in your country is in between 220V - 240V (as in the UK, Europe, Australia and most of Asia and Africa). Manufacturers take these small deviations into account. If the standard voltage in your country is in the range of 100V - 127V (as in the US, Canada and most South American countries), you need a power converter. To be sure, check the label on the appliance. If it states «INPUT: 100-240V, 50/60 Hz», it can be used in all countries of the world (like chargers for tablets/laptops, photo cameras, cell phones, toothbrushes).

If the frequency in Qatar (50 Hz) differs from the one in your country, it is not advised to use your appliances, but you can try at your own risk. Be especially careful with moving, rotating and time related appliances like clocks and electric fan heaters.

## INTERNATIONAL CALLS

When making an international call from Qatar, first dial the 00 exit code, then your country code, followed by the city code (if calling a landline) or the mobile code (if calling a mobile phone), and finally the desired number.

## TELEPHONE COUNTRY CODE

Qatar's international country code for inbound calls is **+974**, followed by the desired number.

## MOBILE PHONE NETWORKS

**Ooredoo** (previously called **Qtel**) and **Vodafone** are currently the two mobile service providers in Qatar. Both operators provide two

types of package: pay-as-you-go and monthly post-paid options.

Ooredoo's pre-paid option is called **Hala**; Vodafone's pre-paid option is Red. To sign up for either service, a SIM card must be purchased and activated. Credit can be added through top-up cards, which are widely sold throughout the country, or online.

## CURRENCY

The **Qatari Riyal (QAR)** is the currency of Qatar. It is divided into 100 dirham and is abbreviated as QR. The Qatari Riyal is pegged to the US dollar at a fixed exchange rate. This rate was enshrined into Qatari law by a Royal Decree in 2001.

CUR Code	Cash

<b>USD</b>	<b>3.63000</b>	<b>3.65020</b>

*Note: The USD currency printed before 2009 will not be accepted in Qatar.*

## HOST CITY

Doha (Arabic: ad-Dawḥa or ad-Dōḥa, literally in Modern Standard Arabic: «the big tree», locally: «rounded bays») is the capital city and most populous city of the State of Qatar. The city is located on the coast of the Persian Gulf in the east of the country. It is Qatar's fastest growing city, with over 60% of the nation's population living in Doha or its surrounding suburbs, and it is also the economic centre of the country.

Doha was founded in the 1820s and was officially declared as the country's capital in 1971, when Qatar gained independence. As the commercial capital of Qatar and one of the emergent financial centres in the Middle East, Doha is considered a world city by the Globalisation and World Cities Research Network. Doha accommodates Education City, an area devoted to research and education.

The city was selected as host city of a number of sporting events, including the 2006 Asian Games, the 2011 Pan Arab Games and most of the games at the 2011 AFC Asian Cup. Additionally, the city hosted the 2012 UNFCCC Climate Negotiations and is set to host a large number of the venues for the 2022 FIFA World Cup.

Area:

**132 km<sup>2</sup> (51 sq mi)**

Population:

**Doha has a population of  
900,545 within the city proper.**Altitude: **10m (33ft)w**

## WATER QUALITY

Desalinated water provides the vast majority of Qatar's drinking water which is safe for using to cook, wash, brush teeth, etc. Qatar's tap water is proven to be safe to drink, the Supreme Council of Health has said, following numerous studies conducted by different organisations in Qatar. Despite the findings, the quality of Qatar's tap water has been up for debate for years, with many residents preferring to drink bottled water instead, perhaps because of its relatively high chlorine percentage (relative to UK and US – according to some sources). Some also install filters on their kitchen faucets and shower heads, amid perceptions that rusting pipes and unhygienic storage tanks can cause ill health effects.

## BUSINESS HOURS

The working week in Qatar is generally from Sunday to Thursday, with Friday and Saturday being off.

The government offices work between 6am and 2pm, while commercial offices work in two shifts – the first from 7.30am to 12noon, and next from 3.30am to 7.30pm, although this may vary. Major shopping malls open from 10am to 10pm, while majority of them close on Friday mornings. The timings for independent shops

vary, but are generally from 8am to 12.30pm, and then from 4pm to 9pm. Several shops are closed on Fridays.

## TRANSPORT

The city of Doha has recently been undergoing a huge expansion to its transportation network, including the addition of new highways, the construction of a new airport, and the planned construction of a metro system. This has all followed Doha's rapid growth, which has resulted in huge congestion on its roads.

Doha has a comprehensive road network made up primarily of two and three-lane dual carriageways. As a result of Doha being a relatively young city, Doha's roads are wide and usually include service roads and large central dividers. While traditionally roundabouts have been used as intersections in the city, this has recently changed as a result of the huge load on the city's road networks. Many major roundabouts have been removed and instead either replaced with traffic lights or with underpasses and overpasses. Furthermore, many major thoroughfares in the city are being converted into highways in order to accommodate the huge increase of traffic on the city's roads.

The Mowasalat Company operates all taxis in Qatar under its Karwa brand, with thousands of taxis operating in the capital. There are many taxi stands in the city, and while in the past difficulties arose in finding taxis due to the small number of taxis on the roads following the launch of the company, today this has become less of an issue. Fares start at 10 riyals and the majority of taxis are well-equipped, comfortable sedans.

An extensive bus system, operated by the government-owned Mowasalat Company, currently operates in the city of Doha. The bus system covers many areas of the city, and there are stops throughout the city.

The bus system is mainly used by lower-income groups and does not attract many from the higher-income groups in the city, which has resulted in increased congestion on the roads of Doha, as most people prefer cars. The main bus station is located in the Souqs area of downtown Doha, and services operate to all major towns in Qatar.

Doha Bus tours sightseeing formula has been designed to provide a flexible approach to city discovery. Each open-top bus tour provides a hop-on, hop-off facility at a variety of interesting locations and, wherever possible, Doha Bus tours looks to enhance the visitor sightseeing experience by providing complementary experiences.

## DRIVING

Driving in Qatar is quite a challenge for most foreigners: it can be intimidating, frustrating and even dangerous. The obscure traffic code as well as the heavy traffic takes some time to get used to.

However, if you are interested in driving on your own in Qatar, you will find most car rental counters located at the airport in the arrival hall. If you are in Qatar on a visit visa, you can rent a car in Qatar with a valid national driver's license (which has been held for at least 1 year) for the first 15 days from the date of your arrival (but most insurance companies only cover you for the first 7 days). Beyond this period, you will have to apply for a temporary license at the Qatar Traffic Department or have an International Driver's Permit and

your valid national driver's license to continue driving. The rental company will also need your passport copy and a guarantee credit card. GCC Nationals (Bahrain, Kuwait, Oman, Qatar, Saudi Arabia and UAE) can drive in Qatar using their own national licenses.

Most rental companies have comprehensive insurance but if you cause an accident then you will be liable to pay a certain amount. When speaking to the rental executive, be sure to ask them about the insurance and the maximum liability you have to undertake in case of an accident.

If you have an accident, call the police at 999 and do not move the car (unless it is a minor collision when you can move the car to the side of the road and the police will determine who is at fault). The policemen will make a report which is the key document to get your car repaired. If you plan to hire a 4 Wheel Drive vehicle do not forget that driving in the desert and especially in the dunes is difficult and may be tricky (should only be reserved to experienced drivers).

Further rules to keep in mind while driving in Qatar:

- ***Drive on the right-hand side of the road***
- ***It is illegal to use a mobile phone while driving***
- ***Wearing seatbelts is compulsory for front-seat passengers***
- ***Drink driving is strictly prohibited; there is a zero-tolerance policy on alcohol levels***
- ***Valid driving license and registration documents must be carried in the vehicle at all times***

# TRAVEL TO DOHA

## ARRIVALS AND DEPARTURES

### ARRIVAL

Upon arrival in Doha, each team delegation should proceed to the Arrivals Area. Once the delegation has been processed through entry formalities and customs clearance, they will be met by Local Organising Committee Staff. These people are easy to identify and will be able to answer any questions you may have. In addition, a specific Arrivals Desk will be located in the Arrivals Hall.

The delegations will then carry their luggage to the transport provided for the Championships. After athletes have collected their vaulting poles, LOC staff will be responsible for their transportation direct to the Qatar Sports Club storage area. It is essential that athletes have labelled their poles / pole bag with their name, country name and event (Men's Pole Vault; Women's Pole Vault; Decathlon).

If luggage is lost during the flight, the LOC will make every effort to help locate it. The Team Leader is nevertheless requested to make, in any case, the appropriate declaration at the lost and found office at the airport. The same procedure must be followed in case of lost vaulting poles.

The delegations will be driven to their Team Hotel first and, if time allows, to the accreditation centre after.

### DEPARTURE

Team departure times shall be entered into the IAAF online Event Entry System (EES) at the time of the final entries. Team Leaders are nevertheless requested to confirm the details submitted with the final entries by means of the appropriate departure forms available at the Championships Information Desk of their hotel.

Transport to the airport will be arranged for all delegations and detailed departure information, including the bus departure time from the hotel, will be delivered to the delegations in advance. In any case, departure time from the hotel will be approximately three (3) hours prior to the scheduled flight departure.

Vaulting poles will be transferred to the airport by the LOC from Khalifa Stadium\ Qatar Sport Club.

The hotels have a cloakroom for storing luggage on the day of departure, if it is required.

### INSURANCE

All Member Federations are responsible for arranging their own insurance to cover, illness or injury of any member of their delegation and/or team when traveling to and from IAAF competitions and during the event itself. Please refer to Circular M/03/19.

### VISAS

ALL the participating Team Members, regardless of their nationality, will need a Visa Visit Letter to enter Qatar. To issue this letter, the LOC will require that all Member Federations submit the names of their team members (athletes and officials) as well as a clear scanned copy of their passports (.pdf format) and a clear id photo (.jpg or png format). This information will have to be submitted no later than 16 September 2019 (final entries deadline) through <https://pdc.iaafdoha2019.com>.

#### Team Members are reminded that:

- All passports must be valid for at least six months from the date of entry to Qatar
- In cases where participants hold multiple passports, only one will be honoured for the visa process and shall remain the official passport to be used throughout the period of the event

If you need to reach the LOC Visa Department, please contact them on:

[visas@iaafdoha2019.com](mailto:visas@iaafdoha2019.com).

# ACCOMMODATION

## GENERAL

The LOC is the official accommodation service provider for the World Athletics Championships and will manage the accommodation, conference space and meeting room requirements for all teams. It is our aim to provide a safe, clean, stress-free and comfortable accommodation to our guests to perform their event-time roles effectively. The Accommodation team will be responsible for any enquiries you may have during your stay at any of the allocated hotels and will ensure that a high quality of service will be always extended to the guests. Any enquiries and/or requests should be received in a timely manner either by email to the LOC prior to arrival or to the accommodation helpdesk at your respective hotel during event time. It is important to know that any damage to any rooms or hotel's fixtures will be the sole responsibility of the occupier/Member Federation and must be paid to the hotel prior to check out, as the LOC will not be responsible for any kind of damage charges.

The LOC has made accommodation arrangements for athletes, team officials and Congress Delegates (who are part of the team) in five hotels of similar standard. The hotels will officially open with full services on 23 September. Prior to that date there will be a reduced Championships Information Desks service in the Team Hotels to assist with accommodation matters for any teams who arrive earlier.

In the Team Hotels there will be a mixed zone through which all athletes will be asked to pass, and media will be able to request interviews directly with them.

For accommodation of Congress Delegates who are NOT part of the team see 5.3.

### TEAMS

The following arrangements concern all athletes and team officials (including any Congress Delegates who are also team officials).

The number of officials who may be accommodated with the team will be limited overall to 80% of the number of participating athletes (e.g. if the team has 50 athletes the maximum number of officials is 40).

The officials are divided into two categories:

- **Subsidised officials (up to maximum 55% of the participating athletes)**
- **Non-subsidised officials (up to maximum 25% of the participating athletes) - see table in Appendix**

This quota will include any Congress Delegates who are also team officials. It will be possible for additional officials (above 80%) to be accredited but they will have to purchase an Extra Coach Package (see 3.5).

Reservations will be made by the LOC based on the accommodation requirements indicated in the Preliminary and Final Entries.

# TRANSPORT RIGHTS ON ACCREDITATION

Athletes and team officials will have the BA transport privilege. This accreditation code gives them the right to board the team shuttle buses between the hotels and the training/competition venues. This accreditation right is available for any official functions which athletes and team officials are entitled to attend.

## PUBLIC TRANSPORT

Public transportation in Qatar is good, and one can commute using buses or taxis to reach from one part of the city to the other.

Mowasalat, a government-owned organisation operates the bus network, and monitors the taxi service in the country, under the Karwa banner.

## BUS

There are buses operating several routes around Doha, connecting it to other parts of Qatar. But, if you have a regular route to take, you can visit the Mowasalat website, <http://www.mowasalat.com/>, and familiarise yourself with the bus schedule, bus route and map. Buses operate from morning to night, with some buses, particularly the Mowasalat fleet being modern and air-conditioned.

## TAXIS

There are several taxi companies in Qatar. You can also hail a taxi across the street. Among the popular taxi companies in Qatar are Karwa, Careem and Uber. These are app based taxi booking companies. Among the three, the Karwa taxis are the most popular and comfortable, given the fact that these taxis are in huge number and can be easily recognised with their different turquoise colour. Apart from the turquoise coloured Karwa taxis, Mowasalat also offers Doha Limousine Service which can be availed from the Hamad International Airport and from any major hotels in Qatar.

## QATAR RAIL

The Doha Metro is a rapid transit system, with its Red Line already becoming operational in May 2019. The Metro will have three lines with an overall length of 300km and 100 stations. The Red Line, Gold Line and Green Line are planned for first phase and will serve to be a very effective source of connectivity in Qatar.

## INFORMATION CENTRES

### TECHNICAL INFORMATION CENTRE – TIC (STADIUM)

The main TIC is located in the competition venue. The main task of the TIC is to ensure a smooth liaison between each delegation and the Local Organising Committee, the IAAF Technical Delegates and the Competition Management of the Championships regarding technical matters.

- Displaying on the relevant notice board of official communications to the teams, including Start Lists, Results and Call Room reporting times. These will also be displayed at the Warm-up Areas.
- Distribution of urgent notices to the delegations from the Technical Delegates and Competition Management. It is the Team Leader's duty to report regularly to the TIC to collect this kind of information.

Temporary TICs will be located in the Marathon and Race Walks Start/Finish area. These TICs will handle only matters relating to those events.

The TIC will be the main centre for technical information although certain documents produced in the TIC will also be distributed to the Championships Information Desks (CID) for circulation. Only accredited person with a TIC pass will have access to TIC and CID.

### CHAMPIONSHIPS INFORMATION DESKS (CID)

These will be situated in each of the Team Hotels and will be linked to each other as well as to the TIC. They will be responsible for, but not limited to, the following:

### IAAF COMPETITION DEPARTMENT OFFICES

Staff from the IAAF Competitions Department will be in Doha to assist the LOC with the final preparation and conduct of the Championships, and the teams with their participation. They can be contacted as follows:

#### 21 to 26 September 2019 Via CID in Team Hotels

27 September to 06 October 2019 IAAF Competitions Office at the Khalifa Stadium, which can be contacted through the TIC

### DOCUMENT DISTRIBUTION

The protection of the environment is becoming increasingly important in everybody's life and IAAF and LOC are trying to do their part.

With today's media and communication technology, saving paper may seem an obvious way to contribute but many of us are still reluctant to adapt, especially when it comes to Start List and Results.

IAAF and LOC will make every effort to reduce the amount of printed material distributed to the Teams at the TIC at the Stadium or at the CID at the Team Hotels.

In practice this means that the distribution of competition related information at the TIC and CID will NOT be systematically made through printouts but will be displayed on the notice boards (also available at the Warm-up Area) and also sent by emails to the Team Leaders. It will still be possible to request occasional copies of specific event start lists and / or results (at the TIC). Important notices of general interest (e.g. changes to the timetable) will also be displayed on the Posting Board while individual communications to specific teams will be posted at the TIC and sent by emails.

## 9.4 QUALIFICATION SYSTEM

### 9.4.1 Qualification Period

### INDIVIDUAL ATHLETES

Individual athletes can qualify in one of four ways:

- *Automatically by achieving the Entry Standard within the qualification period in accordance with criteria decided by IAAF.*
- *Based on the finishing position at designated competitions as follows (in these cases the athletes shall also be considered as having achieved the Entry Standard):*
- *The Area Champions in all the individual events (except for the Marathons). However, in the case of 10,000m, 3000m SC, Combined Events, Field Events and Road Events, the entry will be subject to the approval of the Technical Delegates, based on the athlete's level. The Member Federation of the Area Champion will have the ultimate authority to enter the athlete or not, based on its own selection criteria. For details see later.*

## INDIVIDUAL ATHLETES RANKING PROCESS

Following the end of the qualification period, the IAAF shall assess the number of athletes having qualified in accordance with § 1, 2 and 3

Relay Teams can qualify in one of two ways:

- **First ten (twelve in the Mixed 4x400m) placed teams at the 2019 IAAF World Relays.**

above, plus the unqualified athletes. In order to reach the established ideal number of athletes by event, respecting the maximum quota by Member Federation, the IAAF shall then identify the athletes qualified by virtue of their position in the top performance lists.

The World Rankings will be used in case of ties to reach the target number of athletes in events.

The IAAF shall, within 24 hours of the closing of the Qualification Period, notify the Member Federations concerned by email to the official email address (xxx@mf.iaaf.org) and replies shall be expected within 24 hours. Upon refusals, cancellations, or no reply the next eligible athlete will be identified at the sole and exclusive discretion of the IAAF.

## RELAY TEAMS

Each Member Federation will be allowed to enter one qualified team in each relay event, subject to the below. A total of eight athletes may be entered and these must include the individual athletes (up to four) entered in the respective individual event (100m and 400m). This does not apply to the Mixed 4x400m.

For the purpose of being ranked, the results of relay races shall be valid only on condition that they are part of a competition staged in compliance with IAAF Rules and that at least two different international teams, representing at least two countries, compete in the race.

## Relays Ranking Process

Following the end of the qualification period and knowing the Relay Teams that have qualified from the IAAF World Relays 2019 and those eventually entered by the Host Country, the IAAF shall identify the teams qualified by virtue of their ranking position (according to the best performances in the whole qualification period). The IAAF shall, within 24 hours of the closing of the Qualification Period, notify the Member Federations concerned by email to the official email address (xxx@mf.iaaf.org) and replies shall be expected within 24 hours. Upon refusals or cancellations, the next eligible relay team will be identified at the sole and exclusive discretion of the IAAF. For this purpose, the IAAF keeps an updated list of qualified relay teams on the Doha 2019 website which is updated weekly: (<https://media.aws.iaaf.org/competitioninfo/ec47aa85-65c1-45df-9b61-175ab21dcf23.pdf>)

## 9.5 UNQUALIFIED ATHLETES

- Members who have no male and/or no female athletes who have achieved the Entry Standard or considered as having achieved the Entry Standard (see above) or qualified relay team, may enter one unqualified male athlete OR one unqualified female athlete in one event of the Championships (except the Road Events and Field Events [see below], Combined Events, 10,000m and 3000m Steeplechase).
- Members, whose best athlete excels in a Field Event or Road Event, may submit to the IAAF the name of their athlete whom they would like to enter together with their best performance during the qualification period. The Technical Delegates will decide whether or not to accept such entry and, to do so, may seek the opinion of the relevant Area Association.
- If the Host Country does not have an athlete who has achieved the Entry Standard in an event, or a qualified Relay Team, it may enter one athlete (or Relay Team) in that event, with the exception of the Combined Events and Field Events where the above shall apply.

An athlete shall, before the competition starts, inform the appropriate official of the position of the uprights he/she requires for his/her first trial and this position shall be recorded.

If subsequently an athlete wants to make any changes, he/she should immediately inform the appropriate official before the uprights have been set in accordance with his/her initial wishes, otherwise the time for his/her attempt will continue to run.

#### • Coaching Zone

Dedicated seating will be provided for Field Event coaches close to the event site. Transponder timing will be used for all Track Events of 800m and over for intermediate times and to assist with lap counting. For all these events, the front bib (with the transponder) will be handed out at the Call Room. A final test of the transponders will be done with control mats as the athletes leave the Call Room. Immediately after the race, the bibs with the transponders will be collected at the Post Event Area. More details will be provided at the Technical Meeting.

Official timing for the Road Events: See Marathon and Race Walk competition procedures for more details.

Video Distance Measurement (VDM) will be used as the official measurement to determine results in Horizontal Jumps and Shot Put and Electronic Distance Measurement (EDM) will be used in the Long Throws.

## POST COMPETITION PROCEDURES

### General

At the conclusion of each event, all athletes must leave the Field of Play via the Broadcast Mixed Zone before proceeding to the Media Mixed Zone. In the Mixed Zone, the media (Broadcasters, Written Press, Radio Reporters and LOC Flash Interview team may conduct short interviews. After passing through the Mixed Zone, athletes move on to the Post Event Area where they will be able to recover and collect their clothing and any confiscated items. In case of a Medal Ceremony, press conference or doping control, the athletes concerned will be escorted to the relevant area.

### EXIT PROCEDURES FROM THE FOP:

- **Track Events:** immediately after the finish
- **Field Events:** at the end of the rounds (in Qualifications) or at the end of the competition (in the Final).
- **High Jump and Pole Vault:** competitors may leave the field of play via the Mixed Zone accompanied by a steward as soon as they are excluded from further participation in the competition except for medallists, who shall leave together.
- **Combined Events:** at the end of each event (see above for the PV and HJ events)  
Once an athlete has left the Mixed Zone, he/she may not return.

## POST EVENT AREA

Athletes selected for doping control will be informed after Mixed Zone. A Doping Chaperone will be appointed to each selected athlete and will accompany the athlete until he/she accesses the Doping Control Station (DCS). Teams will each receive a number of passes to access to the Team Meeting Point, just after the Post Event Area. Here, they will

meet their athlete, who will inform them if they have been called for testing, and from which point they can accompany their athlete to the Doping Station.

Those athletes who are not being tested or who are not involved in the awards presentations can return to the Warm-up Area, proceed to the Teams' Stands or leave the stadium. Award winners will be escorted to the Award Ceremonies waiting area.

## INTERVIEWS

Flash interviews with TV Radio and LOC Flash Interview Team will be conducted immediately after each event in the Mixed Zone, followed by short interviews with the written press.

### Mixed Zone at Team Coach Drop off Zone

A small Mixed Zone will operate at the Team Coach Drop off Zone for flash interviews with athletes as they arrive for competition. Standard Mixed Zone rules apply in this new Mixed Zone area.

### Press Conferences

Press conferences will be conducted with all medallists on the same day of the event. Whenever possible, the formal press conference will take place before doping control and whenever possible before medal presentations. Flash interviews in the Mixed Zone and formal press conferences take priority over all other interview requests.

The start and finish line of the Marathon is at the Doha Corniche close to the official tribune of the National Day building. The course is six laps of 7 km each.

The shortest possible route of the Marathon will be indicated on the road surface with a coloured line.

### Start

Athletes will be called to report to the Call Room 35 minutes before the start time of each Marathon. The normal checks on clothing will take place and the athletes will then jog to the start area, where they will be able to continue to warm up.

The time remaining until the start will be displayed for athletes at five minutes, three minutes and one minute before the race begins.

Officials will line up the athletes selected to start in the first row, after which all other athletes may line up without any pre-set order.

### Timing

The transponders will be used to obtain official finishing times. They will be distributed in the Call Room and a final test of the transponders will be done with control mats as the athletes leave the Call Room.

Immediately after the race, the transponders will be collected in the Post Event Area. Athletes who do not finish the race must return their transponder to the Post Event Area (or to a Competition Official if this is impractical).

Every five kilometres will be marked along the route and the current race time will be displayed on the lead vehicle at the head of the race, with additional display clocks placed every five kilometres (and half-Marathon point) throughout the course, where intermediate times will be recorded.

### Retiring from the Race

Due to the Marathon being a single loop course, three athlete drop-out areas will be available. During the first three laps any athletes unable to complete the race, or who have been disqualified, will be taken to one of these areas and driven to the Post Event Area. Should an athlete be unable to continue the race due to physical difficulties, they must inform the nearest Competition Official indicating that they would like to abandon the race. To properly indicate the intention to retire from the race, the athlete is asked to remove their bib.

On the final lap, a sweep vehicle will follow the last athlete in the race to pick up any athletes who are unable to complete the race or who have been disqualified. This vehicle will follow the race route to the finish, where athletes will be dropped at Post Event Area.

### Water / Sponging and Personal Refreshment Stations

There are two Water Stations and two Personal Refreshment Stations on the course. Athletes will pass these on each of the laps meaning there are four opportunities to take on fluids per lap should they require. These stations are approximately 2.5km apart.

At the end of each Water Station, sponges will be available for athletes. The Personal Refreshment Stations will also hold water on the last table.

There will be signs placed 100m before each station.

Should an athlete take refreshment from a place other than the officially designated Water or Personal Refreshment Stations, he/she may be liable to disqualification.

### Water / Sponging Stations

At the Water / Sponging Stations the LOC will provide the following:

For those athletes who do not have any team officials to assist them, bottles should be handed in to the TIC at the Marathon area at least 80 minutes before the race start time. The bottles will be placed on the table by LOC officials according to the indications on the bottles. The athletes must pick up the bottles themselves.

The LOC will provide bottles for personal refreshments and adhesive labels. These will be distributed through the Championships Information Desks in the Team Hotels. The athletes will also be able to use their own bottles provided that they comply with current IAAF Advertising Regulations.

All athletes will be responsible for the identification of their bottles.

After bottles have been brought to the refreshment station, the Judges will inspect them with regards to the IAAF Advertising Regulations. Any confiscated bottles will be returned to team officials.

Team officials will be permitted to hand their athletes the personal refreshments at the Personal Refreshment Stations but are not permitted to leave the designated area to follow the athletes on the course. Two officials from each team will have access to each of the refreshment stations. The team officials will be required to have special passes to access the stations. These passes will be handed to the Team Leader during the administrative procedure.

Toilets will be available at the end of each of the Water Stations and Personal Refreshment Stations.

Immediately after the race, the transponders will be collected in Post Event Area. Athletes who do not finish the race must return their transponder to Post Event Area (or to a Competition Official if this is impractical).

Intermediate times will be displayed at every kilometre and, to help athletes keep track of the laps completed, there will be a lap counter set up at the end of each lap showing the number of laps remaining.

The LOC will be responsible for ensuring that the time of the announcement of all results is recorded.

Any protest shall be made orally to the Referee by an athlete, by someone acting on his/her behalf, or by an official representative of a team. Such person or team may protest only if they are competing in the same round of the event to which the protest (or subsequent appeal) relates.

To arrive at a fair decision, the Referee should consider any available evidence that he or she thinks necessary, including a film or picture produced by an official video recorder, or any other available video evidence. The Referee may decide on the protest or may refer the matter to the Jury. If the Referee makes a decision, there shall be a right of appeal to the

Jury. Where the Referee is not accessible or available, the protest should be made to him through the TIC.

Note: The relevant Referee shall, after his decision on a protest, immediately inform the TIC of the time of the decision. ### 10.16.2 APPEALS

An appeal to the Jury of Appeal must be made within 30 minutes:

## WEATHER IN QATAR

Qatar is an 11,437 square kilometre peninsula on the west coast of the Arabian Gulf. The capital and “Pearl of the Arabian Gulf”, Doha, is one of the fastest growing cities in the World. It is further a city of sports, hosting a great number of sporting events every year. Please visit the official Qatar Tourism Authority website, [www.qatartourism.gov.qa](http://www.qatartourism.gov.qa), for more information.

Doha has a desert climate with long, hot summers and mild winters. Environmental conditions are expected to be hot and potentially humid during your stay in late September/ early October. According to historical data, there would be rather constant warm temperatures, with daily highs average of 32.2°C throughout the Championships period exceeding up to 40°C (46.2°C in 2001; 40.9°C during last 5 years) or dropping to 25°C (16.6°C in 1975; 27.8°C during last 5 years). Daily humidity rates would average 64.1% with highs of 74.5% and lows of 50%; more humid hours during the day are 2:00-3:00 am (average 73.9%; highs 90%; lows 57%) and less humid times are 09:00-11:00 am (average 47.9%; highs 63%; lows 29%).

Winds are generally weak during September / October and are characterised by changing directions. The probability of rain is very low. You could expect a day or two of sand storm or thick dust haze (with visibility 1000m).

The LOC implemented a “Heat Awareness Programme”, including a very thorough risk analysis of environmental factors and comprehensive risk mitigation plans. The LOC conducted a detailed study of Doha’s historical hourly temperature and humidity data and matched these against American College of Sports Medicine (ACSM) Wet Bulb Globe Temperature (WGBT) 2007 guidelines for continuous exercise and competition in the heat. The LOC estimates that most of the evening sessions in Doha 2019 would be in the ACSM red flag (High risk) code. Moreover,

some of the events (mainly Road Races) would fall in the ACSM black flag (Extreme Risk) code. These environmental conditions and flag code readings mean an increased risk of Heat Related Illness (e.g. Exertional Heat Stroke, Exercise Associated Collapse, etc.). The LOC is working in close collaboration with the IAAF to mitigate these risks. The Khalifa Stadium benefits from a very comprehensive air conditioning system (Field of Play and stands) which will allow safe athletic participation.

IAAF Member Federations are encouraged to implement specific athlete preparation plans (e.g. heat acclimation/acclimatisation, optimal hydration and cooling strategies). The LOC and IAAF edited the “Beat the Heat” booklet available for free at <https://www.iaaf.org/about-iaaf/documents/health-science>.

Note that the Khalifa Stadium, hotels and public spaces are generally air-conditioned in Qatar and cooled down to considerably lower temperatures than outside. Be prepared to bring warmer clothes for these indoor conditions. Principally, the individual reaction and tolerance to air conditioning in bedrooms varies considerably. Based on your previous experience, you may want to individually reset the hotel room temperatures.

## FOOD AND WATER SAFETY

### FOOD

The quality and variety of food offered in grocery stores, restaurants and hotels in Qatar meet the highest international standards. However, it is advisable to take precautionary measures when travelling. Gastro-intestinal symptoms may be due to unfamiliarity with the environment, water, the choice and preparation of food. The normal travel guidelines to avoid food poisoning should apply: eat only food that is fully cooked and served hot, avoid unwashed or peeled raw fruits and vegetables.

The LOC will provide oversight to appropriate on-site nutrition for all the Athletes’ hotels prior to the event. Local health authority will conduct regular quality controls at Athletes’ hotels and

competition / training venues. Measures will include regular food safety and hygiene audits by the Ministry of Public Health before and during the event.

### WATER

Tap water in Doha is safe. To avoid any risk, refer general travel precautions including the use of bottled or purified water for drinking, making ice cubes, and brushing teeth (bearing in mind the increasing problem of plastic waste).

## VACCINATIONS

There are no specific vaccination requirements for Qatar. Member Federations should encourage athletes and support staff to consult with their local doctor or travel medicine specialist to ensure their individual vaccination status are up-to-date. As for travelling worldwide in general, Hepatitis A and B, MMR (measles, mumps, and rubella) and TDT (tetanus-diphtheria) are recommended for everyone.

## RESEARCH

### Thermoregulation Study

The IAAF Health and Science Department together with Aspetar Research Department will perform a cross-sectional observational descriptive study with two main goals. The first aim will be to get data from athletes about the preparation strategies for competing in hot conditions through pre-participation questionnaire and to observe the implementation of such practices. The second goal will be to determine the thermoregulatory responses of the athletes competing in the heat by assessing core temperature with ingestible thermometer pills.

Participation will be strictly on a voluntary basis. However, National Team Leaders, Head Coaches and Team Physicians are encouraged to encourage their athletes to volunteer for this important study.

## WORLD RECORD AWARD

In addition, individual athletes (or relay teams) achieving a new World Record in the IAAF World Athletics Championships will be awarded USD 100,000.

The payment of any World Record Award is subject to the following conditions:

- A World Record Award will only be made for performances which meet all conditions necessary for ratification of an IAAF World Record in accordance with IAAF Rules and only after the Record has been officially ratified by the IAAF.
- To qualify for a World Record Award, the performance must be an improvement on the existing IAAF World Record. Performances which equal the existing IAAF World Record will not be eligible for a World Record Award.
- World Record Awards will not be awarded for World U20 Records.
- An athlete may only claim a World Record Award once in any one discipline at a particular event. The effect of this rule is that if an athlete breaks an IAAF World Record more than once in a discipline, that athlete will only be eligible for one World Record Award.
- If more than one athlete breaks the IAAF World Record in a particular discipline, the athlete who has achieved the best performance will receive the World Record Award.
- IAAF World Records achieved in qualifying/preliminary rounds will be eligible for a World Record Award (see also §4 and §5 above).
- Relay teams achieving an IAAF World Record will receive one World Record Award to be divided among the members of the team.

- The athlete receiving a World Record Award will be solely responsible for the payment of any taxes, duties and/or levies of any nature and will agree to hold the IAAF and its partner(s) harmless in this regard.
- Athletes eligible to receive a World Record Award shall, if they choose to accept the World Record Award, make themselves available to the sponsor of the World Record programme (where the sponsor has provided the funding for the World Record Award to be made) or the IAAF for promotional activities in accordance with the Athlete Agreement.
- Athletes receiving a World Record Award will participate in the World Record Award Ceremony and the World Record Press Conference.
- Should a granted ratification of an IAAF World Record be cancelled definitively, the athlete shall refund the received World Record Award to the IAAF.

In order to guarantee that Point 9 above is respected, the athlete must have signed the Athlete Agreement prior to receiving a World Record Award. Signing of the Athlete Agreement is a condition precedent to receiving the World Record Award.

## RIGHTS AND OBLIGATIONS

By signing the Athlete Agreement, athletes acknowledge and agree to their rights and obligations in regard to the above-mentioned Prize Money and World Record Award.

Should an athlete's Doping Control results return positive, their Prize Money and, if applicable, World Record Award won shall be withheld.

## IAAF ATHLETES' COMMISSION ELECTIONS

Elections will be held in Doha at the time of the IAAF World Athletics Championships to renew six member positions of the IAAF Athletes' Commission.

The Commission serves as a consultative body and is the link between active athletes and the IAAF. The Athletes' Commission represents athletes within the athletics' movement, and also supports the rights and obligations of the athletes. All accredited athletes at the IAAF World Athletics Championships Doha 2019 have the right to vote. We rely on the Member Federations to urge their athletes to support this election, which will take place from 29 September to 3 October from 11:00 until 14:00 at the Team Hotels.

## ANTI-DOPING AND EDUCATION OUTREACH PROGRAMME

Sample Collection at the IAAF World Athletics Championships Doha 2019 will be conducted in partnership with the Qatar Anti-Doping Commission under the direction of the Local Organising Committee of the WCH Doha 2019. The programme will be overseen by the IAAF Anti-Doping Delegate to ensure full compliance with IAAF Anti-Doping Rules and Regulations.

The Sample Collection Programme will consist of both pre- and in-Competition testing carried out from the arrival of the first Team until the end of the championships. There will be a Doping Control Station in each Team Hotel.

Athletes will be selected for testing through a combination of random and intelligence led methods and will be notified of their selection by trained and accredited officers. The Team Leader/ Official will be required to assist in informing, notifying and, when necessary, accompanying the athletes to the Sample Collection Station.

At the time of notification, the officer will show the athlete their accreditation and advise them which type of sample (blood, urine or both) they will be asked to provide. They will then chaperone the athlete to the Sample Collection Station where the sample will be collected. The athlete will be required to show official photographic identification (e.g. WCH Doha 2019 accreditation card) before providing the sample so should ensure that they are carrying this at all times.

An athlete breaking or equaling a World Record (including World Junior Record) will be required to undergo Sample Collection as a condition of validation of the World Record.

A dedicated Doping Control Station will be available in one of the Team Hotels for doping controls required for the validation of Area or National Records. The test will be done on a fee-payable basis at the request of a Team Official. In this case, the application procedure will have to be completed at the TIC or at the doping control station at the Team Hotel.

Athletes who need to use substances or methods contained in the list of 'Prohibited Substances or Methods,' for therapeutic purposes must comply with the IAAF Anti-Doping Rules and Regulations and ensure that they have the appropriate authorisation in accordance with the Therapeutic Use Exemption (TUE) application process.

The Athletics Integrity Unit (AIU) in partnership with the Qatar Anti-Doping Commission will set up education outreach stations — Athletics Integrity Hub — in the Team Hotels and the competition stadium. Athletes and their support personnel are encouraged to visit the stations and interact with the Outreach Team, where they can learn about all the issues that impact the integrity of the sport and could prove harmful for the careers of the athletes and the support personnel alike such as doping, manipulation of competition, illegal betting etc. Participants will be able to take part in interactive quizzes, surveys, showcase their support for clean sport by signing the Athletes' Integrity Pledge. They can also take the opportunity to ask or enquire about any issue of concern to the AIU team onsite.

The 400m2 exhibition features the world's largest ever display of athletics artefacts and memorabilia, dating from 2nd century B.C. to the present day. These items include World Championships and Olympic Games uniforms, running spikes, medals, world record breaking equipment and implements etc

Introductory displays cover Athletics as it emerged from the ancient Olympic Games in 776 B.C. The story is carried through to the first modern Olympic Games of 1896, the foundation of the IAAF in 1912 and to creation of the IAAF World Championships in 1983.

At the heart of the exhibition are 10 huge display panels summarising the history of the 16 editions of the IAAF World Athletics Championships. Additional specialised displays include the athletics histories of the six continental areas, Qatari athletics and the development of Asics spikes. There is also a preview of the IAAF World Athletics Championships Doha 2019 accompanied by a SEIKO countdown clock and QNB display.

Six video screens, including a small cinema room where longer championship highlights are screened, offer the visitor the chance to watch plenty of competition footage from world championships history.

## APPENDIX 14.7 – ATHLETE AGREEMENT

**ATHLETE AGREEMENT**

1. I acknowledge that the International Association of Athletics Federations (the «IAAF») is the world governing body of the sport of Athletics. In consideration of the right to compete in International Competitions (as defined in the Rules) sanctioned by the IAAF or any other event or activity sponsored or sanctioned by the IAAF or its Member Federations, Area Associations or authorised bodies,

----- of -----  
 [Athlete Last Name, First Name] [National Member Federation]

-----  
 [Parent/Legal Guardian Last Name, First Name]

**To be completed and signed by parent or legal guardian if the athlete is a minor**

I am the natural parent or legal guardian of the athlete named above (the «Athlete») who is considered a minor in his or her country and hereby state the following:

- (a) That I am entitled to the full control and custody of the Athlete, and that no guardian of Athlete's person or estate has been appointed by any court.
- (b) That I have read and am familiar with the provisions of this Agreement, that I am satisfied that this Agreement is fair, just and equitable, and for the benefit of the Athlete, and that I consent to the execution of this Athlete Agreement by the Athlete, and that said consent shall be deemed sufficient for the purposes of any applicable statute or law.

**I hereby acknowledge and agree as follows:**
**Rules, Regulations and Personal Information**

- 1.1 All capitalized terms used but not otherwise defined herein have the meaning given to them in the IAAF Rules (the «Rules») and the IAAF Regulations (the «Regulations»).
- 1.2 I am aware of and have reviewed all the Rules including but not limited to the IAAF Integrity Code of Conduct and all the Regulations available on the IAAF website at <https://www.iaaf.org/about-iaaf/documents/rules-regulations>. I agree to comply with and be bound by the Rules and the Regulations. I agree in particular to comply with and be bound by the IAAF Anti-Doping Rules (the «Anti-Doping Rules») and by the IAAF Anti-Doping Regulations (the «Anti-Doping Regulations») available on the IAAF website at <https://www.iaaf.org/about-iaaf/documents/rules-regulations> and the International Standards (as defined in the Anti-Doping Regulations) incorporated into the Anti-Doping Regulations. I declare that I am not currently using and will not in the future use any substance or method or other practice, or undertake any action, which violates the Anti-Doping Rules. I undertake to compete in the sport of Athletics drug free at all times.
- 1.3 I am aware of and have had the opportunity to review the Athletics Integrity Unit's («AIU») «IAAF Advisory Notes: Use of Personal Information (Anti-Doping & Integrity Programmes)» (the «AIU Advisory Note») available on the AIU's Website at <https://www.athleticsintegrity.org/data-protection>, concerning the use of my Personal Information (as defined in the International Standard for the Protection of Privacy and Personal Information incorporated into the Anti-Doping Regulations) by the IAAF. I acknowledge the legal bases set out at paragraph 5 of the advisory note upon which my Personal Information, including my Sensitive Personal Information (as defined in the International Standard for the Protection of Privacy and Personal Information incorporated into the Anti-Doping Regulations), is being used by the IAAF.

- 1.4 I agree in particular that my Personal Information including without limitation my Sensitive Personal Information may be processed for anti-doping purposes in accordance with the Anti-Doping Rules and the Anti-Doping Regulations (and the International Standard for the Protection of Privacy and Personal Information incorporated into the Anti-Doping Regulations) by and amongst the IAAF and its Area Associations and Member Federations, the World Anti-Doping Agency, National Anti-Doping Agencies and/or other Anti-Doping Organisations, including, but not limited to, as part of the ADAMS database system, all in accordance with applicable European privacy laws.

- 1.5 I am aware of and have had the opportunity to review the "IAAF Advisory Note: Use of Athlete Personal Information (the "IAAF Advisory Note", and together with the AIU Advisory Note, the "Advisory Notes") available on the IAAF website at <https://www.iaaf.org/about-iaaf/documents/advisory-notes> concerning the use of my Personal Information by the IAAF and acknowledge the legal bases upon which my Personal Information is being used by the IAAF. Where, within the IAAF Advisory Note, consent forms the legal bases for using my Personal Information (including my Sensitive Personal Information), I consent to that use.
- 1.6 As described in the IAAF Advisory Note, I agree that my Personal Information may be transferred to third party organisations (as identified in the IAAF Advisory Note) in accordance with applicable European privacy laws, including an applicable Organising Committee located outside the European Economic Area. I also acknowledge that the IAAF may be required to disclose certain of my Personal Information where compelled to do so under applicable laws.
- 1.7 I agree to any amendments to the Rules, the Regulations, the Anti-Doping Rules, the Anti-Doping Regulations and the Advisory Notes as may be made from time to time and further agree that posting of the new version of each on the IAAF website (or the AIU website) will be sufficient notice of any such change.

#### Appearances, Awards, Image Use, Promotional Activities

- 1.8 In this Agreement, the term "Image" means my name, nicknames, likeness, image, statements, story and sports performances, voice, however they are recorded and any and all intellectual property arising in them.
- 1.9 I agree that if I receive a medal (including any associated prize money) for my performance at an IAAF Event then, at mutually agreeable times, I will make myself available (subject to my training, competition schedule and anti-doping obligations and there being no conflict with any of my personal sponsors) during the relevant IAAF Event for promotional activities for the IAAF and internal promotional activities for its Commercial Affiliates (e.g. a 'meet and greet' in the hospitality area(s)).
- 1.10 I understand that the IAAF promotes a special programme (the "Programme") with respect to World Record performances by athletes at certain IAAF Events. As part of the Programme, if I set a new World Record at a relevant IAAF Event, I may be awarded a certain monetary amount (the "Cash Award") by the IAAF on behalf of the designated Commercial Affiliate for the Programme, if any. If such Cash Award is accepted by me then, in return for such Cash Award, I agree to carry out certain promotional activities as outlined in Appendix A.
- 1.11 Subject to clause 1.13, I agree to my Image being captured by means of any and all media in still images or in moving footage at or in conjunction with (i) any World Athletics Series Events ("IAAF Events"), or (ii) any IAAF Commercial Affiliate activation related or ancillary to an IAAF Event ("Ancillary Events"). In this Agreement, the term "IAAF Commercial Affiliate" means any entity that has been granted any commercial rights relating to a World Athletics Series Event by the IAAF appointed marketing agency or the IAAF Event organisers (with the approval of the IAAF appointed marketing agency).
- 1.12 Subject to clause 1.13, I assign with full title guarantee to the IAAF, all rights of any nature in Images taken of me by or on behalf of the IAAF or broadcaster at any IAAF Event or Ancillary Event.
- 1.13 I agree that the Images of me may be used as follows:
- 1.13.1 by the IAAF for any purpose relating to the promotion of the IAAF, the sport of Athletics, to keep a historical record of the IAAF Event, and further that such use is not limited in time (i.e., it lasts forever);
- 1.13.2 by broadcasters who are granted rights by the IAAF or its licensees in relation to any IAAF Event and/or Ancillary Event for the purposes of broadcasting the IAAF Event and/or Ancillary Event and producing programmes associated with such IAAF Event and/or Ancillary Event and such use is not limited in time (i.e. it lasts forever);
- 1.13.3 by an IAAF Commercial Affiliate on a free of charge worldwide basis, limited for the purpose of promoting the IAAF Commercial Affiliate's sponsorship of or demonstrating the IAAF's Commercial Affiliate's partnership with the IAAF, IAAF Event or Ancillary Event, provided always that any such use of my Image by the IAAF Commercial Affiliate shall:
- (a) wherever possible, only be with my consent, but as a minimum, will be notified to me or my Authorised Athlete Representative prior to use and I will be given at least forty-eight (48) hours in which to comment (twelve (12) hours during an IAAF Event) after which point I will be deemed to have no comment and consented. For the avoidance of doubt, the IAAF shall state when seeking my consent

- the identity of the Commercial Affiliate; the nature and duration of the promotional campaign; and the different media platforms where my Image will be used;
- (b) be subject to there not being a conflict between the IAAF Commercial Affiliate and my personal sponsors at the time of first use of such Image;
- (c) be limited to my Image taken or recorded whilst participating in the IAAF Event or Ancillary Event. Any photographs or clips of footage of me participating at an IAAF Event or Ancillary Event shall not be able to be altered;
- (d) not be used in a manner that implies either that the Commercial Affiliate is my personal sponsor or that I am endorsing the Commercial Affiliate's products and/or services;
- (e) make it clear that the IAAF Commercial Affiliate is sponsoring the applicable IAAF Event or Ancillary Event;
- (f) always be used with at least three (3) other athletes and all athletes (including myself) are represented equally (i.e., no one athlete shall be given undue prominence in such representation of us all). For the avoidance of doubt, this requirement also applies where my Image is used in a collage, montage or mosaic with other athletes participating in the IAAF Event or Ancillary Event where each photograph or footage used in the collage shall comply with this requirement;
- (g) other than as set out in paragraph (f) above, not be altered in any way, shape or form, including but not limited to sponsor logos, or other branding; and
- (h) only be used for a maximum period of two (2) years starting from the commencement of the IAAF Event or the commencement date of Ancillary Event.

The IAAF shall be responsible for approving the use of my Image by an IAAF Commercial Affiliate and ensuring compliance with the provisions of this Agreement (including in particular clause 1.13) and any guidelines it may issue to the IAAF Commercial Affiliates from time to time and the IAAF shall procure that its appointed marketing agencies ensure compliance with this clause 1.13 by their relevant IAAF Commercial Affiliates; provided that the IAAF will provide me with reasonable notice of an IAAF Commercial Affiliate's intention to use my Image in accordance with clause 1.13.3(a) prior to the IAAF's approval of such use. Further, anything proposed by an IAAF Commercial Affiliate regarding the use of my Image that falls outside of the scope of use described in this clause 1.13.3 shall require either my or, if applicable, my designated Authorised Athlete Representative's express prior written approval and may be subject to the negotiation of a commercial arrangement between myself and the IAAF Commercial Affiliate.

- 1.14 I additionally agree to the use and reproduction of my Image in IAAF publications relating to the IAAF, IAAF Events or Ancillary Events provided always that such publication is related to the promotion and support of such IAAF Event or Ancillary Event itself as opposed to featuring me personally for commercial purposes.
- 1.15 I shall not grant to my personal sponsors or other third parties any rights to use or utilise my name, signature, photograph, likeness, reputation, image and identity or endorse any product or service in trade or commerce in such a way as to imply sponsorship, approval or affiliation of an IAAF Event, the IAAF or any events conducted by or affiliated with the IAAF.
- 1.16 If my personal sponsors wish to use Images (broadcast) of me competing in IAAF Events for commercial purposes then I will arrange for my personal sponsors to obtain a license from the marketing agency appointed by the IAAF as the media rights holder in respect of all IAAF Events. I acknowledge that a license can be obtained through payment of a license and technical fee by contacting: [athleteagreement@iaaf.org](mailto:athleteagreement@iaaf.org) and shall pass these details on to my Authorised Athlete Representative and/or personal sponsors as applicable. For the avoidance of doubt, I acknowledge that a submission by my personal sponsors under this clause 1.16 is not a request for approval but a request to enter into a license agreement to use the Images (broadcast) of me and, accordingly, if no license agreement is entered into then my personal sponsors cannot use my Image (broadcast) taken during an IAAF Event. I understand that it is my responsibility to ensure my Authorised Athlete Representative and/or personal sponsors are aware of this and the requirement set out in clause 1.17 below.
- 1.17 I will use my reasonable efforts to ensure that my personal sponsors use Images (whether broadcast or still) of me competing in the IAAF Event in such a way that does not imply sponsorship, approval or affiliation of the IAAF Events, the IAAF or any events conducted by or affiliated with the IAAF by

such personal sponsor.

1.18 Nothing in this Agreement shall restrict my ability during an IAAF Event to:

- participate in a press or media interview as an interviewee about my performance(s);
- comment on the performance(s) of other athletes;
- take a media commentating role;
- post or contribute any commentary, text or photographs said, written or taken by me to my personal website, blog, social media accounts (including but not limited to Facebook, Twitter, SnapChat, Instagram or any other such personally based social media that has not yet been invented);

**provided always that:**

- I do not broadcast, stream or commentate 'live' from the IAAF Event or Ancillary Event either directly myself or on behalf of a non-rights holder broadcaster;
- (b) I do not write, photograph or say anything that is insulting, derogatory, offensive or otherwise damages my reputation as an athlete representing my country at an IAAF Event and/or Ancillary Event or is insulting, derogatory, offensive or otherwise damaging to another athlete or any other third party. For the avoidance of doubt, I understand this does not prevent me from making fair comment and fair criticism of my sporting performance or the sporting performance other athletes.

**Disputes and Law**

1.19 I acknowledge that I have had the opportunity to take legal advice before signing this Agreement.

1.20 I acknowledge and agree that:

1.20.1 except for disputes referred to in clause 1.20.2 below, any dispute arising out of a decision made pursuant to the Rules and/or Regulations may be appealed exclusively as provided in the Rules and/or Regulations to the Court of Arbitration for Sport ("CAS"). I acknowledge and agree that all decisions of CAS under the Rules and/or Regulations shall be final and binding and that I will not bring any claim, arbitration, lawsuit or litigation in any other court or tribunal; and

The language of mediation and/or arbitration shall be conducted in the English language. I acknowledge and agree that all resolutions reached whether by negotiation, mediation or arbitration shall be final and binding and that I will not bring any claim, arbitration, lawsuit or litigation in any other court or tribunal.

- Unless renewed upon the IAAF's request at any time, this Agreement shall terminate either when I have signed a new agreement, in which case this Agreement shall be superseded, or upon my retirement from Athletics, whichever is the sooner. I acknowledge and understand that despite termination of this Agreement, my suspension or retirement from Athletics, any previous consent granted by me in respect of the processing of my personal data or use of Images of me prior to such termination of this Agreement, suspension or retirement shall remain valid and unaffected; and that there are provisions within the Rules that permit the IAAF to pursue against me during a period of suspension or during my retirement any alleged breaches by me of the Rules.

- In the case of any inconsistencies between the English language version of this Agreement or any other translated version of this Agreement, the English language version shall prevail to the extent of such inconsistencies.

- This Agreement shall be governed by and construed in accordance with the Laws of Monaco. I acknowledge that, by signing this Agreement, I have read and understand this Agreement and that

**Représentations, récompenses, utilisation de l'Image, activités promotionnelles**

- 1.8 Dans le présent Contrat, le terme « Image » désigne mon nom, mes surnoms, les représentations faites de moi, mon portrait, mes déclarations, mes récits et mes performances sportives ainsi que ma voix, quelle que soit la manière dont ces éléments sont enregistrés. Le terme « Image » désigne également toute propriété intellectuelle induite par ces éléments.
- 1.9 Si je reçois une médaille (y compris toute prime associée) pour ma performance à une Compétition de l'IAAF, j'accepte de me rendre disponible (sous réserve de mes obligations en matière d'entraînement, de calendrier des compétitions et de lutte antidopage et tant qu'il n'y a pas de conflit avec mes sponsors personnels) pendant la Compétition de l'IAAF concernée pour les activités promotionnelles de l'IAAF et les activités promotionnelles internes pour ses Affiliés commerciaux (par exemple, une « rencontre de courtoisie » dans le salon hospitalité), aux moments convenus d'un commun accord.
- 1.10 Je comprends que l'IAAF promeut un programme spécial (le « Programme ») relatif aux Records du monde lors de certaines Compétitions IAAF. Dans le cadre de ce Programme, si j'établis un nouveau Record du monde lors d'une Compétition de l'IAAF, l'IAAF pourra me décerner une certaine somme d'argent (la « Prime ») au nom de l'Affilié commercial désigné pour le Programme, le cas échéant. Si j'accepte cette Prime, je m'engage, en échange, à mener certaines activités promotionnelles décrites à l'annexe A.
- 1.11 Sous réserve de la clause 1.13, j'accepte que mon Image soit capturée au moyen de n'importe quel média sous forme d'images fixes ou de séquences animées pendant ou en conjonction avec (i) toute Compétitions de la Série mondiale d'athlétisme (« Compétitions de l'IAAF ») ou (ii) toute activation commerciale de l'IAAF liée ou connexe à une Compétition de l'IAAF (« Manifestations connexes »). Dans le présent Accord, le terme « Affilié commercial de l'IAAF » désigne toute entité à laquelle l'agence marketing désignée par l'IAAF ou les organisateurs des Compétitions IAAF (avec l'accord de l'agence marketing désignée par l'IAAF) ont accordé des droits commerciaux relatifs à une Compétition de la Série mondiale d'athlétisme.
- 1.12 Sous réserve de la clause 1.13, je cède à l'IAAF, avec pleine garantie de propriété, tous les droits de quelque nature que ce soit sur les Images prises de moi par ou au nom de l'IAAF ou du diffuseur lors d'une Compétition de l'IAAF ou d'une Manifestation connexe.
- 1.13 J'accepte que les images de moi soient utilisées :
- 1.13.1 Par l'IAAF à toute fin liée à la promotion de l'IAAF et de l'Athlétisme, afin de conserver une trace historique des Compétitions IAAF, cette utilisation étant illimitée dans le temps (elle dure donc pour toujours) ;
- 1.13.2 Par les diffuseurs auxquels l'IAAF ou ses licenciés accordent des droits en relation avec une Compétition de l'IAAF et/ou une Manifestation connexe dans le but de diffuser la Compétition de l'IAAF et/ou la Manifestation connexe et de produire des programmes associés à cette Compétition de l'IAAF et/ou Manifestation connexe, cette utilisation étant illimitée dans le temps (elle dure donc pour toujours) ;
- 1.13.3 Par un Affilié commercial de l'IAAF gratuitement et partout dans le monde. Cette utilisation sera limitée à la promotion du parrainage avec l'Affilié commercial ou à la démonstration du partenariat

d'un Affilié commercial de l'IAAF avec l'IAAF, les Compétitions IAAF ou les Manifestations connexes. L'utilisation de mon Image par l'Affilié commercial de l'IAAF devra, quoi qu'il arrive, respecter les conditions énumérées ci-dessous.

- (a) Dans la mesure du possible, uniquement avec mon consentement, mais à tout le moins, moi ou mon Représentant d'athlètes autorisé devra être informé avant utilisation de mon Image et je disposerai d'au moins quarante-huit (48) heures pour répondre (douze [12] heures pendant une Compétition de l'IAAF) après quoi je serai réputé n'avoir aucun commentaire et être d'accord. Afin d'éviter toute ambiguïté, l'IAAF indiquera, lorsqu'elle sollicitera mon consentement, l'identité de l'Affilié commercial, la nature et la durée de la campagne promotionnelle et les différentes plateformes médiatiques sur lesquelles mon Image sera utilisée ;
- (b) L'utilisation de mon Image devra être soumise à la condition qu'il n'y ait pas de conflit entre l'Affilié commercial de l'IAAF et mes sponsors personnels au moment de la première utilisation de cette Image ;
- (c) L'utilisation de mon Image devra être limitée à l'Image prise ou enregistrée pendant ma participation aux Compétitions IAAF ou aux Manifestations connexes. Les photographies ou séquences vidéo de moi participant à une Compétition de l'IAAF ou à une Manifestation connexe ne pourront être modifiées ;
- (d) Mon image ne devra pas être utilisée d'une manière qui implique que l'Affilié commercial est mon sponsor personnel ou que je soutiens les produits et/ou services de l'Affilié commercial ;
- (e) L'utilisation de mon Image devra indiquer clairement que l'Affilié commercial de l'IAAF parraine la Compétition de l'IAAF ou la Manifestation connexe concernée ;
- (f) Mon Image devra toujours être utilisée avec au moins trois (3) autres athlètes et tous les athlètes (y compris moi-même) seront représentés de façon égalitaire (c.-à-d. qu'aucun athlète ne devra recevoir une importance excessive dans cette représentation de l'ensemble des athlètes). Pour éviter toute ambiguïté, cette condition s'applique également lorsque mon Image est utilisée dans une compilation, un montage ou une mosaïque avec d'autres athlètes participant à la Compétition de l'IAAF ou à la Manifestation connexe dans lequel/laquelle chaque photographie ou séquence vidéo utilisée dans la compilation doit être conforme à cette condition ;
- (g) À l'exception de ce qui est prévu à l'alinéa (f) ci-dessus, mon Image ne devra pas être modifiée de quelque façon que ce soit, y compris, mais sans s'y limiter, les logos des sponsors ou d'autres marques ; et
- (h) Mon Image ne sera utilisée que pour une période maximale de deux (2) ans à compter du début de la Compétition de l'IAAF ou du début de la Manifestation connexe.

L'IAAF aura la responsabilité d'approuver l'utilisation de mon Image par un Affilié commercial de l'IAAF. L'IAAF aura également la responsabilité de s'assurer du respect des dispositions du présent Accord (y compris en particulier la clause 1.13) et de toute directive qu'elle pourra émettre de temps à autre à l'intention des Affiliés commerciaux de l'IAAF. L'IAAF devra garantir que ses agences marketing désignées s'assurent que les Affiliés commerciaux de l'IAAF respectent cette clause 1.13. Avant que l'IAAF consente à l'utilisation de mon Image par un Affilié commercial de l'IAAF, elle devra m'informer raisonnablement à l'avance de l'intention d'un Affilié commercial de l'IAAF d'utiliser mon Image conformément à la clause 1.13.3(a). En outre, toute proposition d'un Affilié commercial de l'IAAF relative à l'utilisation de mon Image qui n'entre pas dans le cadre de l'utilisation décrite dans la présente clause 1.13.3 devra être soumise à mon autorisation écrite expresse préalable ou à celle de mon Représentant d'athlètes autorisé qui aura été désigné, le cas échéant, et pourra faire l'objet d'un accord commercial entre moi-même et l'Affilié commercial de l'IAAF.

- 1.14 En outre, j'accepte l'utilisation et la reproduction de mon Image dans les publications de l'IAAF relatives à l'IAAF, aux Compétitions IAAF ou aux Manifestations connexes, à la condition que ces publications soient liées à la promotion et au soutien des Compétitions IAAF ou des Manifestations connexes elles-mêmes, et non à des fins commerciales.
- 1.15 À mes sponsors personnels et à tout autre tiers, je n'accorderai pas les droits suivants : le droit d'utiliser ou d'exploiter mon nom, ma signature, ma photographie, les représentations faites de moi, ma réputation, mon image et mon identité ainsi que le droit de soutenir tout produit ou service commercial ; d'une manière qui suggérerait le parrainage, l'approbation ou l'affiliation d'une Compétition de l'IAAF, de l'IAAF ou de tout événement organisé par l'IAAF ou associé à celle-ci.
- 1.16 Si mes sponsors personnels souhaitent utiliser des Images (diffusées) de moi participant à des

Compétitions IAAF à des fins commerciales, je prendrai les dispositions nécessaires pour que mes sponsors personnels obtiennent une licence auprès de l'agence marketing désignée par l'IAAF comme titulaire des droits médias pour toutes les Compétitions IAAF. Je reconnais qu'une licence est disponible à l'achat, ce qui implique également le paiement des frais techniques, en contactant : athleteagreement@iaaf.org et je transmettrai ces informations à mon Représentant d'athlètes autorisé et/ou à mes sponsors personnels selon le cas. Pour éviter toute ambiguïté, je reconnais qu'une demande faite par mes sponsors personnels en vertu de cette clause 1.16 n'est pas une demande d'approbation mais une simple demande en vue de signer un contrat de licence pour utiliser mes Images (diffusées). Par conséquent, je reconnais que, si aucun contrat de licence n'est conclu, mes sponsors personnels ne pourront pas utiliser mon Image (diffusée) prise pendant une Compétition de l'IAAF. Je comprends qu'il est de ma responsabilité de m'assurer que mon Représentant d'athlètes autorisé et/ou mes sponsors personnels sont au courant de cela et de la condition énoncée à la clause 1.17 ci-dessous.

- 1.17 Je m'efforcerai, dans la mesure du raisonnable, de m'assurer que mes sponsors personnels utilisent des Images (diffusées ou fixes) de moi participant aux Compétitions IAAF d'une manière qui ne suggère pas le parrainage, l'approbation ou l'affiliation des Compétitions IAAF, de l'IAAF ou de toute manifestation organisée par ces sponsors personnels ou affiliés à l'IAAF.
- 1.18 Rien dans le présent Accord ne limitera ma capacité pendant une Compétition de l'IAAF à :
  - 1.18.1 Participer à une entrevue avec la presse ou les médias en tant que personne interviewée au sujet de ma ou mes performance(s) ;
  - 1.18.2 Commenter les performances des autres athlètes ;
  - 1.18.3 Assumer un rôle de commentateur auprès des médias ;
  - 1.18.4 Publier ou émettre tout commentaire, texte ou photographie, oralement, par écrit ou pris par moi sur mon site Internet personnel, mon blog, mes comptes de réseaux sociaux (y compris mais sans s'y limiter Facebook, Twitter, Snapchat, Instagram ou tout autre réseau social personnel qui n'a pas encore été inventé) ;

#### **Cela est valable seulement si les conditions suivantes sont toujours respectées :**

- (a) Je ne dois ni diffuser ni effectuer un travail de commentateur en direct de la Compétition de l'IAAF ou de la Manifestation connexe, que ce soit par moi-même ou au nom d'un diffuseur non détenteur de droits ;
- (b) Je ne dois rien écrire, photographier ou dire quoi que ce soit d'insultant, désobligeant, offensant ou qui porte atteinte à ma réputation en tant qu'athlète représentant mon pays à une Compétition de l'IAAF et/ou à une Manifestation connexe. Je ne dois pas non plus écrire, photographier ou dire quoi que ce soit d'insultant, désobligeant, offensant ou portant atteinte à un autre athlète ou tout autre tiers. Pour éviter toute ambiguïté, je comprends que cela ne m'empêche pas de faire des commentaires impartiaux et des critiques justes sur ma performance sportive ou sur celles d'autres athlètes.

#### **Litiges et droit applicable**

- 1.19 Je reconnais avoir eu l'occasion de prendre des conseils juridiques avant d'avoir signé cet Accord.
- 1.20 Je reconnais et j'accepte les éléments suivants :
  - 1.20.1 À l'exception des différends mentionnés à la clause 1.20.2 ci-dessous, tout différend découlant d'une décision prise conformément aux Règles et/ou Règlements peut faire l'objet d'un appel devant le Tribunal arbitral du sport (« TAS ») uniquement selon les dispositions des Règles et/ou Règlements. Je consens et reconnais que toutes les décisions du TAS rendues conformément aux Règles et/ou Règlements sont définitives et exécutoires et m'engage à ne porter aucune réclamation, action ou litige, ou demander un arbitrage devant tout autre cour ou tribunal ; et
  - 1.20.2 À l'exception des litiges visés à la clause 1.20.1 ci-dessus, tout litige découlant de ou en relation avec la force exécutoire, la nullité, l'interprétation et la modification des clauses 1.6 à 1.13 sera renvoyé, en première instance, pour résolution par (i) négociation entre moi-même et/ou mes représentants désignés et l'IAAF ; (ii) si une résolution ne peut être trouvée par négociation entre moi-même et/ou mes représentants désignés et l'IAAF, alors par médiation conformément au Règlement de médiation de la Chambre de commerce internationale ; (iii) si une résolution ne peut être trouvée par médiation, alors par arbitrage conformément au Règlement d'arbitrage de la Chambre de commerce internationale. La langue de la médiation et/ou de l'arbitrage sera l'anglais. Je consens et reconnais

que toutes les décisions du TAS rendues conformément aux Règles sont définitives et exécutoires et m'engage à ne porter aucune réclamation, action ou litige, ou demander un arbitrage devant tout autre cour ou tribunal.

- À moins qu'il ne soit renouvelé à tout moment à la demande de l'IAAF, le présent Accord prendra fin soit lorsque j'aurai signé un nouvel accord, auquel cas le présent Accord sera déclaré nul, soit lorsque je prendrai ma retraite de l'Athlétisme, si cette date est antérieure, au premier des deux termes échus. Je reconnais et comprends qu'en dépit de la résiliation du présent Contrat, de ma suspension ou de ma retraite de l'Athlétisme, de tout consentement antérieur que j'aurai donné concernant le traitement de mes données personnelles ou l'usage des Images me représentant avant la résiliation du présent Contrat, la suspension ou la retraite restera effective et non affectée. Je reconnais également que certaines dispositions des Règles permettent à l'IAAF d'engager contre moi des poursuites pendant une période de suspension ou pendant ma retraite pour toute infraction présumée de ma part à ces Règles.

- En cas d'incohérence entre la version anglaise du présent Accord et toute autre version traduite du présent Accord, la version anglaise prévaudra dans les limites de ces incohérences.

4. Le présent Accord est régi par le droit monégasque et doit être interprété en vertu de ce dernier. Je reconnais par ma signature que j'ai lu et compris le présent Accord et conviens qu'il est juridiquement contraignant.

Veillez noter que cette section doit être remplie et signée par un parent ou un tuteur légal si l'athlète est mineur.

## ANNEXE A

### Programme relatif aux Records du monde

- Conformément à la clause 1.10 de l'Accord et sous réserve que j'accepte la Prime et qu'il n'y ait pas de conflit avec l'un de mes sponsors personnels, je conviens de ce qui suit :
  - Que l'IAAF utilise mon Image dans les publicités dans tous les types de médias, y compris mais sans s'y limiter, la presse écrite, les médias sociaux et la télévision, la promotion du Programme pendant et pour une (1) année civile après la Compétition de l'IAAF et que l'Affilié commercial de l'IAAF utilise mon Image dans toutes sortes de médias, y compris mais sans s'y limiter la presse, les médias sociaux et la télévision, pour promouvoir le Programme, à condition que j'aie le droit d'approuver l'Image sélectionnée. De telles publicités peuvent inclure le nom et/ou le logo de l'Affilié commercial de l'IAAF et doivent toujours être créées de manière à indiquer clairement que l'Affilié commercial de l'IAAF parraine le Programme et non d'une manière qui constitue une approbation de ma part des produits et/ou services de l'Affilié commercial de l'IAAF.
  - Pendant une période de deux (2) ans à compter du début de la Compétition de l'IAAF, être disponible, à des moments convenus d'un commun accord, pour une (1) participation aux activités promotionnelles internes de l'Affilié commercial de l'IAAF dans une mesure raisonnable (ces participations seront programmées de manière à respecter mes obligations en matière d'entraînement, de compétition et de lutte antidopage), pour un période maximale de deux (2) heures, à l'exclusion du temps de transport, à moins qu'il n'en soit convenu autrement. De telles activités incluent, mais sans s'y limiter, des séances photographiques (de groupe et individuelles), la participation aux fonctions sociales de l'Affilié commercial et l'interaction avec les clients de l'Affilié commercial de l'IAAF pour des fonctions déterminées.
  - En cas de conflit avec mon sponsor personnel, je peux, après discussion avec ce dernier, conclure un accord séparé avec l'Affilié commercial du Programme portant sur ma participation à un arrangement promotionnel avec cet Affilié commercial selon les termes dudit accord séparé.
  - Toutes les dépenses liées à de telles participations seront à la charge de l'Affilié commercial de l'IAAF ou de l'IAAF elle-même.
  - Si le Record du monde n'est pas homologué par l'IAAF ou si une homologation accordée doit être annulée définitivement, j'accepte et reconnais que je n'aurai droit à aucune compensation pour les actions promotionnelles fournies à l'Affilié commercial de l'IAAF et devra rembourser à l'IAAF le montant de la Prime.
